

Mandatory Summer Reading Project 2024

Alexander Graham has high expectations for literacy development. All students must be actively involved in their own reading plan as well as participating in writing assignments in all content areas. To continue learning throughout the summer, all students will participate in the summer learning project. **Rising 6th-8th grade Honors' students are required to read a novel(s) and complete the SRP expectations.** While we hope that students' summer readings will encompass more than just the novel(s) and nonfiction articles, these projects will be graded and referenced upon returning to school. **Students should complete their project before the start of school or no later than September 20!**

Please use the links below for either your rising 6th, 7th, or 8th grade student mandatory Summer Reading Project. If you have any questions please reach out to Jasmine Walters at jasmine1.walters@cms.k12.nc.us.
