- Best day for the meeting

Grade Level Highlights

Pre-kindergarten- Last Friday, May 17th we had a Letter Palooza in the bus parking lot. Each of the students were assigned a letter and created a vest based off of that letter. They also performed the letter

sound song for their families.

- Pre-K graduation is Wednesday, June 5th! They are so excited to be promoted to Kindergarten!!

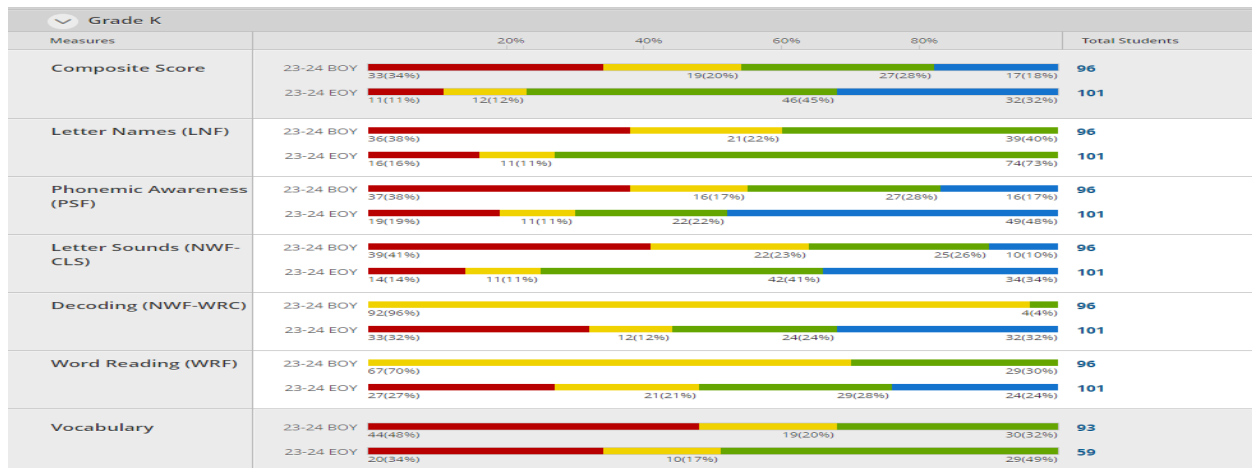

Kindergarten-

Kindergarten has been working hard in phonological awareness and on our writing skills.

We recently completed our Dibels testing sessions closing out with 77 % of students are at or above grade level!

In Math we are rounding out the year testing our students using the CMS summative assessment. This assessment test students on their ability to add and subtract, as well as counting to 100 by 1s and 10s.

Kindergarten teachers are gearing up to send their students home with goodies over the summer to help further prepare them or 1st grade!

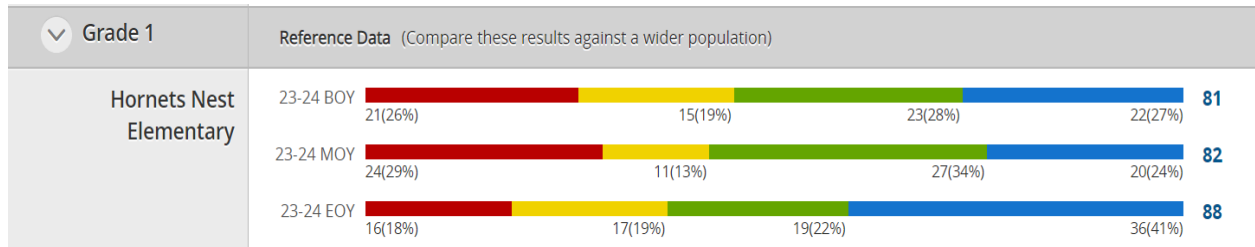

First Grade

In literacy, we are finishing up our Unit on Birds. Students increased their knowledge and used their research skills to learn information about different types of Birds and how they use the environment around them to survive

We have completed our Skills block and we are still practicing necessary skills to become a skilled and knowledgeable student using Students are

currently being assessed for their end of year microphase for spelling and decoding.

BOY/MOY/EOY Data

Second grade

2nd Grade enjoyed a field trip to the Lazy 5 Ranch in April.

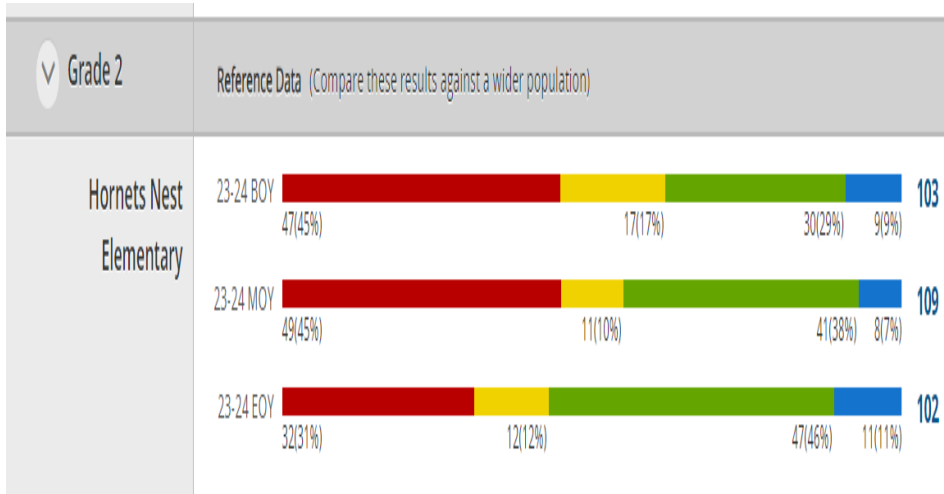

-In literacy, we have finished our unit of study on pollinators. Students enhanced their research skills to learn information about different types of pollinators and the dangers they face.

-In skills block, students have learned about spelling ending patterns -cle, -cal, -ous, and -us. Students have also been learning about spelling rules to make nouns plural. Students are currently working on the last cycle and are currently being assessed for their end of year microphase.

-In math, students have learned about different types of graphs. We have completed our last topic learning about shapes and their attributes.

-Students will complete math summative assessment next week.

Our 2nd graders have worked hard this school year to make growth! They are ready to thrive in 3rd Grade.

Third grade - No Report

Fourth grade- No Report

Fifth grade-No Report

Questions- No questions

Next Meeting

June 6th

6:30 pm
