

2024-2025 HAWTHORNE ACADEMY WHITE COAT CEREMONY

The White Coat Ceremony celebrates students who have distinguished themselves in the Project Lead the Way (PLTW) Biomedical Science program, having attained at least an 80% average across their three PLTW courses. This year, we recognized 18 students from HAHS who reached this significant achievement. We were privileged to have Dr. Joseph Hsu, an orthopedic surgeon at Atrium Hospital, as our guest speaker.
