

The Charlotte Mecklenburg Public Library provide access to **research databases** for all CMS students via their Student ID #. These databases provide age-appropriate, accurate, up-to-date information for students. **Students should be using the ONE Access resources before going to Google.**

All these databases include bibliographic citations for telling where you found the information in order to give appropriate credit. Read-aloud features are available, and many databases also include links to pre-approved websites for additional research.

Getting to ONE Access

OPTION 1: Through ClassLink CMS LaunchPad

- Go to CMS LaunchPad website <https://launchpad.classlink.com/cmsk12> download the ClassLink LaunchPad app
- Log in with username (student ID #) and password **OR** scan the student QR code
- Click Sign In and then select student's image or enter pin #
- Click on ONE Access

OPTION 2: Through Charlotte Mecklenburg Public Library website link

- Go to <https://www.cmlibrary.org/oneaccess>

** A few of the databases require a pin # after entering the Student ID #. The pin # for ONE Access is MMDD for month & day of birth; example: July 26 is 0426.

Use this Reference Guide for how to use each database for research.
