I. Principal Report - Becky Crawford

- A. Comprehensive Plan Update - Shared that the old building is gone, the site is being prepared for new construction. The timeline is going as expected.
- B. MOY Testing is completed. Data has been analyzed and shared with staff and instructional changes have been made based on data. Data was shared with the attendees.
- C. Tip the Scales versus SPARK clarification - Tip the Scales is a straight donation campaign and provides the budget for the school expenses (field trips, classroom supplies, teacher appreciation, etc.). SPARK is the summer academic pledge program and this is what funds the PTA budget (Teacher appreciation, Dragon Fest, Dragon Dance, Blaze Bowling, etc.)

II. Parent Questions

- A. Media Center procedures for checking out books - can we please provide instruction and resources for students to know how to find and check out specific books
