

Berryhill School

Replacement Project

The 2023 general obligation bond referendum presents us with a unique opportunity to enhance the learning environment and educational opportunities for our students. It aims to offer more academic options, alleviate overcrowding, and support safe schools. Here are the highlights of the project that will impact our school communities:

The Berryhill School replacement bond project entails the offsite replacement of the existing facility, accompanied by the demolition of the current building. The project aims to create a new and improved learning environment for students by constructing a modern replacement school at a different location. By utilizing the latest educational design and infrastructure, this initiative seeks to enhance the quality of education and provide a fresh space that caters to the evolving needs of students and educators at Berryhill School.

School Board Member District 2

Estimated Cost:
\$104,286,451
